Additional Information		
18. In the past 5 years have you used nicotine in any form?	☐ Yes ☐ No	
19. Have you lost more than 20 pounds in the past 12 months?	☐ Yes ☐ No	
20. Are you now under observation or treatment?	☐ Yes ☐ No	

I declare that all answers in this application and any attached questionnaires are, to the best of my knowledge and belief, true and complete. The answers given are the basis for any policy issued by the Company, and will be made part of the policy.

In order to determine insurability, I authorize any licensed medical practitioner, hospital, clinic, or other medical facility, insurance company, pharmacy benefit manager, MIB Inc., other organization, institution, or person having any records of the Proposed Insured's medical or prescription history, to give such information to the Company, it's reinsurers, or any agency employed by the Company to collect and transmit such information. I understand that medical records are protected by certain federal regulations. The Company will not use or disclose medical information for any purpose other than stated above, except as may be required by law. This authorization is valid for 24 months from the date signed. A copy of this authorization will be as valid as the original. I have the right to revoke this authorization in writing to the Company; however if I do, the Company may decline my application.

Any person who knowingly presents a false statement in an application for insurance may be guilty of a criminal offense and subject to penalties under state law.

Signed at (City and State)	Date
Signature of Proposed Insured	Signature of Owner *(If Other Than Proposed Insured)*
Signature of Parent or Legal Guardian *(If Proposed Insured is a Minor)*	

SIGNATURE OF INTERPRETER *(if applicable)*

I, the undersigned, do hereby state that I am 18 years of age or older, and that I am not the beneficiary or owner of any AAA Life Insurance policy being applied for on the life of the above named Proposed Insured.

By signing this form as the interpreter I have met the following expectations:

- I have translated and asked all application questions of the Proposed Insured.
- I have provided all responses exactly as stated by the Proposed Insured.
- The Proposed Insured understood all questions when asked.
- The information provided is true and accurate as provided by the Proposed Insured.
- I understand that the contents of the application are confidential and that questions and answers will not be disclosed to another applicant or to any other person unless required by a court of law.

NOTICE AND CONSENT FOR AIDS-RELATED BLOOD TESTING

To evaluate your insurability, the Insurer named above has requested that you provide a sample of your blood for testing and analysis to determine the presence of human immunodeficiency virus (HIV) antibodies. By signing and dating this form you agree that this test may be done and that underwriting decisions will be based on the test result. A series of three tests will be performed by a licensed laboratory through a medically accepted procedure.

Pre-Testing Considerations
Many public health organizations have recommended that before taking an AIDS related blood test a person seek counseling to become informed concerning the implications of such a test. You may wish to consider counseling, at your expense, prior to being tested.

Meaning Of Positive Test Result
The test is not a test for AIDS. It is a test for antibodies to the HIV virus, the causative agent for AIDS, and shows whether you have been exposed to the virus. A positive test result does not mean that you have AIDS but that you are at significantly increased risk of developing problems with your immune system. The test for HIV antibodies is very sensitive. Errors are rare, but they do occur. Your private physician, a public health clinic, or an AIDS information organization in your city might provide you with further information on the medical implications of a positive test.

Positive HIV antibody test results will adversely effect your application for insurance. This means that your application may be declined, that an increased premium may be charged, or that other policy changes may be necessary.

Confidentiality Of Test Results
All test results are required to be treated confidentially. They will be reported by the laboratory to the Insurer. The test results may be disclosed as required by law or may be disclosed to employees of the Insurer who have the responsibility to make underwriting decisions on behalf of the Insurer or to outside legal counsel who needs such information to effectively represent the Insurer in regard to your application.

The results may be disclosed to a reinsurer, if the reinsurer is involved in the underwriting process. The test may be released to an insurance medical information exchange under procedures that are designed to assure confidentiality, including the use of general codes that also cover results of tests for other diseases or conditions not related to AIDS, or for the preparation of statistical reports that do not disclose the identity of any particular person.

Notification Of Test Result
If your test results are negative, no routine notification will be sent to you. If your test results are reported by the laboratory to the Insurer as being positive, you will receive notification of such results from a physician you have designated or, in the absence of such designation, from the Texas Department of Health. Because a trained person should deliver that information so that you can understand clearly what the test result means, please list your private physician so that the Insurer can have him or her tell you the test result and explain its meaning.

Name of Physician for reporting a possible positive test result:_____

Address:_____

In the event the test is positive and you are denied coverage because of that fact and you request the reason for the denial, the Insurer may require you to name a physician at that time in order to receive the information.

If the test indicates a positive result, but you do not designate a private physician, the test results will be provided to you by a representative of the Texas Department of Health.

Consent
I have read and I understand this Notice and Consent for HIV-Related Blood Testing. I voluntarily consent to the withdrawal of blood from me, the testing of that blood, and the disclosure of the test results as described above. I have read the information on this form about what a test result means.

I understand that I have the right to request and receive a copy of this authorization. A photocopy of this form will be as valid as the original.
